

Toyota - GR Yaris WRC Triple Edition

GR Yaris WRC Triple Edition

Toyota GR Yaris WRC Triple Edition – Exclusive Special Edition with Direct Motorsport DNA

A Toyota GR Yaris WRC Triple Edition is offered for sale in the exclusive Platinum White Pearl exterior finish with the premium Black/Red – High Grade Black & Red interior. This rare special edition was developed as a tribute to Toyota Gazoo Racing's success in the FIA World Rally Championship and combines uncompromising performance with cutting-edge technology and outstanding everyday usability.

The WRC Triple Edition is one of the most exclusive versions of the GR Yaris. It was specifically developed for enthusiasts seeking a vehicle with genuine motorsport DNA. The GR Yaris was not designed as a conventional compact hatchback but was engineered by Toyota Gazoo Racing as a standalone high-performance vehicle. With its specially developed body, lightweight carbon fiber roof, and performance-oriented all-wheel-drive system, it embodies rally experience like few other vehicles in its class.

This vehicle is also equipped with the Performance Package, which further enhances its driving dynamics and includes:

- Red-painted brake calipers
- High-performance sports suspension
- Torsen limited-slip differential on the front axle

The sporty appearance is perfectly complemented by the carbon fiber roof, the elegant Platinum White Pearl paint finish, and the premium Black/Red – High Grade Black & Red interior.

To protect the original paintwork, the entire front section of the vehicle has been professionally covered with a transparent Paint
